202-225-3965

Cori Bush, (D) 1st District – Missouri, Committee: Accountability/Judiciary
202-225-2406

On Saturday September 24, 2022, these five (5) US Congress women heard about, and came to visit and explore the plight of women coming out of incarceration and moving into a fledgling, non-profit start-up in the heart of Dorchester, Massachusetts for a New Beginning.

Five highly vocal, highly notarized, and highly respected United States Congress Women came to Dorchester, and visited New Beginnings Re-entry Services, Inc., without fanfare, out of respect for New Beginnings' client base wishes. No news outlets, no news cameras, none of the frivolities US congress people can and do command. But these 5 US Congress Women came anyhow! They sat on folding chairs at the re-entry house and chatted with New Beginnings staff and some clients. They listened to and laughed with staff and clients and ate food brought in by a local restaurant, (Soleil Restaurant).

I write this press release because I am in awe of these five (5) US Congresswomen, who believed enough in New Beginnings Re-entry Services to quietly come into Boston, rally around New Beginnings, present New Beginnings with a PAC donation, and quietly leave.

We as a community, city, and state of Massachusetts need to know these US Congresswomen, and New Beginnings Re-entry Services, Inc., because these Congresswomen and New Beginnings are all working toward a more just society, specifically where women who have been traumatized through incarceration can have a new beginning.
